Dear Hiring Manager,

I'm an **immediate joiner** and a Software Engineer with **4 years** of experience specializing in frontend and full-stack software engineering. I'm excited to bring my expertise in building scalable, high-performance web applications and collaborating with cross-functional teams to deliver impactful solutions to your organization.

EXPERIENCE

Zuqo Technology, (Short-term engagement) (March 2026 - June 2026) Currently contributing as a Software Engineer at Zuqo, an AI-native, omnichannel intelligence platform for enterprise contact centers. Building and maintaining responsive UI components for Zuqo's customer-facing platform, including modules such as Agent Assist, Analytics dashboards, and Workflow Studio.

Leapmile Robotics (Aug 2022 - Feb 2026), I played a key role in building and scaling products used by more than **1 Lakh+ users**. Beyond delivering high-quality solutions, I led small teams, mentored developers, and worked closely with stakeholders to translate business needs into impactful outcomes. My focus on ownership, collaboration, and continuous improvement helped enhance user experience, operational efficiency, and overall product growth.

TECHNICAL SKILLS

My core stack spans **JavaScript, TypeScript, React.js, Redux, Next.js, Node.js, HTML5/CSS3, Tailwind CSS, and Bootstrap**, complemented by SQL, Python, and Flutterflow. I have hands-on experience with responsive UI development, REST API integration, performance optimisation, and debugging complex production issues.

WHAT I BRING

Beyond my technical skill set, I place high value on clean code, pragmatic problem-solving, strong leadership, and continuous learning. I have experience leading small engineering teams, mentoring developers, conducting code reviews, and coordinating cross-functional collaboration to deliver high-quality software. I thrive in collaborative environments where engineering excellence, effective team management, and product impact go hand in hand.

I'd love the opportunity to discuss how my background aligns with your needs.

Thank you for your time and consideration.

Warm regards,
Shivam Agrawal
